

suri

Welcome to *SURI Jewelry* Size Guide. We mainly use EU sizes referencing system. Print* and use the following methods to determine your size.

Measure by matching one of your rings

Print the guide and match the inside of one of your rings with one of the circles below. Make sure that the ring you chose fits you well.

Measure by using the ruler

To measure your finger pick a ribbon or a string of paper to wrap around the base of your finger. Draw a point where the two ends meet. Measure the circumference with a ruler, making sure that the measurement is in mm. The measurement will correspond to the size of the ring.

The size of the rings of *SURI Jewelry* might slightly change depending on the style of the ring. Therefore, we invite you to contact us for any further information or doubt. We will be glad to help you.
